

CAVEA

CAVEA

Moving away from keeping with the generic only timber structures of bleacher style seating, Cavea offers a pleasing to the eye upholstered corner and storage slots. The availabilities using either polished ply, laminated tops and upholstered cushions give fantastic options to match existing or new furniture specifications.

Cavea is a product that embraces collaboration. The stylish range

consists of one to three tiers with or without storage and castors if required with steps and hand rails to create a large or small modern modular learning area.

The Cavea is also available as separate modules for meeting with friends, lunch and conversations with groups, perfect for breakout areas.

Cavea Seating Collection - (Laquered Plywood Top)

CARE INSTRUCTIONS

FABRIC SPECIFICATION :

WE PROVIDE THE FURNITURE UPHOLSTERED IN VARIETY OF FABRICS AVAILABLE. THE MOST COMMON USED RANGES ARE:

Camira™ ADVANTAGE/ X2/ SYNERGY/ BLAZER;

Chieftain™ JUST COLOUR;

Panaz™ ULTIMATE TOUCH.

THE FURNITURE CAN ALSO BE UPHOLSTERED IN MANY OTHER RANGES UPON REQUEST.

WORKTOPS & LAMINATES :

AS WELL AS WITH THE FABRICS, THE FINISHES FOR THE HARDSURFACES COME IN VARIETY OF RANGES AND COLOURS. THE MOST RECOMMENDED PRODUCERS ARE:

Altofina™ / Abet™/ Egger™/ Formica™ & Kronospan™

METAL LEGS & TABLE BASES :

THE METAL PARTS OF THE FURNITURE COME IN DIFFERENT FINISHES, AS:

STAINLESS STEEL; CHROME; RAL COLOURS (UPON REQUEST)

WARRANTY :

5 YEAR - NORMAL FAIR WEAR & TEAR.

THIS INCLUDES THE STRUCTURE AND FOAM/PADDING MATERIALS.

FABRICS COVERED BY FABRIC MANUFACTURERS' WARRANTY, USUALLY 5 YEARS, DEPENDANT ON FABRIC CHOICE.

EXPECTED LIFE CYCLE OF 15 YEARS .

General Maintenance:

Vacuum regularly to remove dust and grit.

Clean spills and stains quickly to prevent them setting in

If being used in a spill/stain-prone area specify a stain repellent finish.

For appearance retention we recommend regular professional cleaning to give your furniture a longer life.

Natural Fabrics:

In addition to regular vacuuming, wool and other natural fibres can usually be cleaned using branded upholstery shampoo.

For a deeper clean, it's best that wool be dry cleaned, as over wetting cause shrinkage and change in appearance.

Never apply bleach, ammonia, alkali or strong acids to wool upholstery.

Synthetic Fabrics:

Vacuuming is the best regular maintenance, followed by speed of action to remove spills and stains rapidly as soon as they occur.

Most synthetic fabrics can be wiped down with a water soaked damp cloth without fear of damaging the fibre or removing the colour.

Stubborn stains can be removed with upholstery shampoo.

Leather:

Leather should be regularly dusted with a soft cloth and vacuumed with soft brush extension.

Most types of Anilines can also be treated with specialist products to help preserve, colour, finish etc..

As leather is natural material, discrepancies in surface texture and 'puddling' in seat areas is to be expected.
