# FABRICS

## Groups & Suitability

### Fabric Suitability

Not all standard fabrics are suitable for all of our products.

High wool content fabrics are more suited to task, meeting chairs and soft seating in wide ranging contract areas.

Whilst standard polyesters are more suitable for simpler task and meeting chair applications, coated polyesters and vinyls are the logical

solution in those “tougher-than-usual” upholstery situations.

If an unsuitable fabric/product selection is made the fabric may become baggy or have unnecessary pleats in the upholstery.

We have included simple suitability icons next to each fabric range to help you to choose an appropriate fabric.

 **Suitable for these product categories**

Task & Collaborative  
Meeting & Boardroom  
Restaurant & Dining

 **Suitable for these product categories**
