

Mounted onto the Wishbone post system, Flo Modular is our most flexible and dynamic multi-screen solution

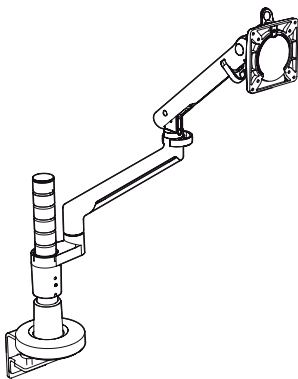

- Scalable solution: Easy to add and remove arms according to specification
- Supports single, dual and multiple screens
- Working load range 3 to 9kg (6.6 to 19.8lb)
- Horizontal reach 510mm
- Can be mounted at a range of heights on a single post and retro-fitted to existing installations
- Weight gauge reduces installation time and allows consistent performance
- Self balancing head provides accurate screen positioning and stability
