ergonomically designed

FABRIC OPTIONS

Pods are offered in a myriad of fabric ranges supplied by one of the UK's leading manufacturers to ensure quality of upholstery and to provide specifiers with choice. Each option offers patterned weaves, subtle textures and a full palette of colour ways that can be used to enhance or contrast with the environments into which they are installed.

Camira Blazer Lite
Band B Fabric

Blazer Lite is a finer version of our Blazer upholstery fabric. The felted, milled finish sports a colour palette consisting of melange mixes and plain shades, as well as subtle pastels and irridescent brights.

Camira Sonus
Band B Fabric

Sonus is a light weight acoustically transparent felt for use on desk screens, panels and other vertical surfaces. The fibre felted finish is achieved through needle felting and creates a palette of mélange mixes.

Camira Racer
Band B Fabric

Racer is a classic stretch knit product with a smooth macro cellular construction designed for use on vertical surfaces. Racer has multi-directional stretch for excellent upholsterability.

Camira L2
Band B Fabric

L2's unobstrusive background grey melange effect and subtle dark tones create texture and dimension within a playful colour palette of brights through to subtle neutrals.

Camira Blazer
Band D Fabric

Blazer is a classic pure new wool upholstery fabric with a billiard cloth felted finish. The fabric is made from premium New Zealand lambswool and benefits from complete integrity right from individual sheep farms to the finished fabric.

Camira Synergy
Band D Fabric

Say hello to Synergy, a soft handle wool blend fabric, featuring exquisite fibre dyed shades and sumptuous piece dyed solids. It all comes together to provide our largest colour offering of 75 intelligent shades.

ACCESSORIES

As well as offering a selection of footprints and pod styles, Pods can be dressed with optional fittings such as stationery trays, pen holders and service modules that finish an installation by placing everything within users' reach. It couldn't be simpler.
