

Roost & Perch is designed for individuals and groups to nestle down, unwind and take time out from the demands of the busy modern workspace.

Deep and spacious seats are the key feature of this collection of comfortable sofas that prize bringing people together to relax and mingle above all else.

The range comprises 3 sofas in different sizes (single, double and double+) as well as a chaise unit, armrest and two unique perch stools (high and low).

## Key Features

Great for forming relaxed social spaces, or for use in casual reception areas

Spacious seats provide added comfort

Table armrests offer optional integrated power modules for charging mobile devices

Upholstered in an array of fabrics and vinyls

Two-tone upholstery option available

**Top:** Roost is great for creating relaxed spaces where users can truly unwind and take a well earned break from the hectic working day.

**Middle:** Roost Hangout Booths: back-to-back sofa arrangement, creating small clusters for 4-5 people to relax, socialise and share ideas for casual work.

**Below:** Roost Lounge: drawing inspiration from a traditional home sofa with a chaise, the Roost Sofa is designed to bring a touch of homely comfort into the office workspace.

### Over Page

**Below:** Roost Chillout: a back-to-back arrangement that is ideal for open-plan spaces that can act as social hubs to bring people together and relax.
