307 cm [10 ft] long x 62 cm [24 in] high with Lime Laminate Tops & mixed colour stools*

# FEATURES & BENEFITS

## TTJ & TTK Series Table Seating Unit (TSU) Features

### Tabletops

#### MDF Core Tabletop:

Made with extremely durable 18mm MDF. Stronger than plywood or particleboard, is lightweight, and resists warping.

#### High-Pressure Laminate:

Tough Formica 0.7 mm thick high-pressure laminate for added durability and long-term wear. 24 standard colours are available to fit any dining area decor.

#### Rigid Vinyl Backer Sheet:

Far superior to all types of paper backers. Applied to the underside of the tabletops for moisture control and easy clean-up (including chewing gum removal), stain resistance and fantastic appearance.

#### SICO® ARMOR-EDGE®:

The most durable edge available. Provides an incredibly tough edge to take hard everyday abuse without damage. Hermetically seals the

tabletop for sanitary purposes and prevents moisture from entering.

#### Seating:

Open walkway between the stools means easy access with no trip hazards. The single piece Ø 25.4 cm round stools are made from robust ABS plastic and have proven to be comfortable and durable through years of everyday use.

#### Tamper Proof Expansion Rivets:

Fastens tabletop firmly to the frame.

#### Centre Gravity Lock Bar:

Ø12 mm centre gravity lock bar prevents anyone from raising centre of table by sitting on the table end. Easily released from either side.

#### Heavy Duty Vertical Hinge Plates with Low Friction Bushing:

Extra heavy self-cleaning hinge plates that will not trap food while providing superb strength, security, and durability.

### Frame

#### 14- & 16-Gauge Steel Tube:

Manufactured from high strength steel tube. Flexibility is designed into the legs to allow for contained motion and the way students use the tables today.

#### Patented Square Shape Stool Support Posts:

Prevents any rotational movement of the stool seat. Lower portion of support post retains round shape, whilst preserving the elegant look of the table.

#### Swivel Castors:

All TTJ & TTK Series TSU's are fitted with 4 x Ø 10 cm [Ø 4 in] swivel castors fitted with non-marking tyres with a wide surface area for smoother rolling. The location stem on each castor is solid steel. Plastic thread guards

# FEATURES & BENEFITS

prevent the accumulation of debris, so allowing the wheels to rotate freely.

## **Protective Neoprene Glides:**

Non-marking glides protect floors and dampen noise whilst keeping the table in place. These reinforced glides contain metal washers to prevent the leg tubes from breaking through bottom.

## **Aircraft Locknuts:**

Tamper-resistant locknuts are used at all mounting points and will not loosen over time.

## **Limited Warranty**

Protected by a 15-year warranty against manufacturer's defects, and a Lifetime warranty on welds. Visit [www.sicoinc.com](http://www.sicoinc.com) for all warranty details.

## **Serial Number:**

All TTJ & TTK Series Table Seating Units are identified by a unique Barcode Serial Number attached to the frame for easy identification.

## **Transport & Storage**

### **Self-Storing Mobile Unit:**

Designed to be a self-contained mobile unit for efficient single person set up & easy storage, resulting in considerable savings in labour & time. No need for additional transport carts, or heavy lifting.

### **Folding for Transport & Storage:**

When folding the table seating unit for transportation, a yellow painted transport lock bar engages between the two tops to provide a stable 'A'

shaped structure that can be safely wheeled about.

## **Space Design**

Take advantage of our FREE space design service to determine the optimal layout and number of products for your space.
